

OBJECTIVE

Results-driven Software Engineer with **4+** years of experience in developing scalable web and desktop applications using .NET technologies. Proven expertise in backend development, SQL databases, and US Healthcare domain systems. Recognized for delivering high-quality code, optimizing legacy systems, and collaborating effectively with cross-functional teams. Awarded multiple times for performance and problem-solving capabilities.

TECHNICAL SKILLS

Backend and Frameworks	.NET, ASP.NET Core MVC, ASP.NET Core Web API, Entity Framework Core
Languages	C#, JavaScript
Web Technologies	HTML5, CSS3, Bootstrap
Databases	SQL Server, MySQL
Desktop Development	WPF
Tools & Platforms	GIT, Visual Studio, Azure DevOps, SSMS, Postman

PROFESSIONAL EXPERIENCE

INFINITE COMPUTER SOLUTIONS, BENGALURU

Software Engineer | March 2023–Present
Client: Hawaii Medical Service Association (HMSA) – Hawaii, USA
Project: Cost-Effective 837 Claims Processing System

- Developed a **cost-effective claims processing system** to replace a licensed portal, reducing operational costs for the client.
- Worked as part of the **Claims team**, focusing on building **claims validations** to ensure accurate processing of **837 healthcare claims**.
- Applied **US Healthcare domain knowledge**, gained from previous experience, to successfully design and implement business rules with minimal client-provided requirements.
- Contributed to the **full development lifecycle**, from requirement gathering to deployment, ensuring timely delivery of the project within **1.5 years**.

Awards & Achievements: Recognized with **3 Spot Awards (Employee of the Month)** within a **2-year tenure** for outstanding performance, problem-solving skills, and significant contributions to project success and team efficiency.

INFOSYS, MOHALI

Senior Systems Engineer | January 2021–March 2023
Client: Molina Healthcare – California, USA
Project: Molina Claims Gateway

- Optimized development and operational workflows** by implementing new methods, refactoring redundant code, and performing **bug fixes** to enhance application efficiency and maintainability as per client requirements.

- **Analysed, debugged, and resolved user-raised tickets** by conducting thorough investigations into reported issues, identifying root causes, and implementing effective solutions to ensure system stability and reliability.
- **Collaborated with cross-functional teams**, including business analysts and QA teams, to refine requirements, improve claim validation processes, and enhance overall system performance.

Awards & Achievements: Attained the Award of Excellence 2022 for my outstanding contributions towards the success of engagements.

EDUCATION

B.Tech., Computer Science & Engineering (2016 – 2020)

Inderprastha Engineering College, Ghaziabad, U.P. | CGPA: 7.2/10.0

12th CBSE (2015-2016)

Greenway Modern School, Delhi | 87.2%

10th CBSE (2013-2014)

Diwakar Model School, U.P. | 91.2%
